Foreword

Welcome to the 5th running of the AutoMark Road Rally. We would like to thank Mark Jones of Automark for his continued support of the event. This year the rally has moved up to a National B rally designed for Experts through to Novices.

Minimal use of code boards, 3m controls and common sense marshalling all under the supervision of current competitors. This year's event will use some white roads, all of which have been traversed in a standard road car. The event will be straightforward pre-plot navigation on map 116 covering approx.150 miles.

To ensure the smooth running of the event all competitors **MUST** supply a marshal.

The organisers reserve the right to cancel sections if it is deemed fair to do so, force majeure etc. When the organisers consider that inaccurate times have been given at any time controls, they will deem it to be a passage control.

Procedure at Controls.

At each MAIN Control or controls for the purpose of recording a time, the Marshal will enter the time shown on the Control Clock and their name in the appropriate place on the Time Card, the time will be recorded the moment the timecard is presented to the Marshal.

At PASSAGE CONTROLS competitors are to ensure that spotlights are extinguished in sight of the control. The marshal will enter their name as proof of the correct approach on the competitor's time card. The vehicle is to exit the control without spinning the wheels.

All manned controls will be indicated by a control board approx. 50 metres ahead of the marshal, on the correct direction of approach. Controls must be visited in the order specified in the Route Card. Controls visited out of order will be deemed to have not been visited. Competitors are to ensure that dipped beam only is used in sight of controls.

Should an entry on a time card not be legible, or not appear to be authentic, it may be considered not to have been made. Organisers may refer to marshal check sheets in case of doubt. Any

alterations or amendments to cards will only be accepted if countersigned by the Marshal at the time of amendment. It is the competitor's responsibility to ensure that his or her time card is correctly marked. It is not the duty of any marshal to interpret these regulations, MSA regulations or any other written instructions given to competitors, nor explain the meaning thereof. It is the responsibility of competitors to read and understand any regulation and written instruction.

Controls will open 15 minutes before the due time of car 0 and will close 30 minutes and 59 seconds after due time of the last car (R 12.2.7).

A competitor who causes any form of harassment to a marshal or any official, or who remains in a control area subsequent to an instruction to depart, will be reported to the stewards of the event. The organisers reserve the right to exclude any such competitor.
